COMMUNITY PROJECT - South Kanara - Jeeps - Consumption of petrol over the limit fixed - Ratification - Requested

A list showing the details of purchases of petrol to various jeeps is herewith enclosed. The limit of consumption of petrol for this area was 150 gallons a month. But this limit has been exceeded due to the various reasons given below.

1. Intensive touring by the Assistant Project Officers, Assistant Engineers, and Project Executive Officer within the project area with a view to implement the various schemes and frequent inspect of the work sites by the touring officers.

2. The jeeps were used by the Social Education Organisers in connection with Social Education work such as distribution of skim milk, film shows and organisation of various activities.

3. Several visits of Departmental Heads and Ministers during the period to this Community Project area.

Under the above circumstances, I request that the excess consumption of petrol over the limit fixed may kindly be ratified.
